

Certificate in Health Services Administration

(Post-baccalaureate Non-business Students)

The Health Services Administration graduate certificate prepares health care professionals in the business aspects of health care. Students who have completed a bachelor's degree may elect to complete this 5 course certificate in order to improve their ability to understand and manage within the U.S. health care system. Course content is specific to the field of health care delivery. Students will learn management strategies, health policy, accounting and financial management and approaches to quality improvement.

Please read and be aware of the **Gainful Employment Disclosure**. Visit this link for more information: <http://www.udmercy.edu/about/consumer-info/ge/GR-Cert-HealthServicesAdministration.php>

Admission from Health Services Administration Certificate Program to the Master in Health Services Administration Program

Students who complete the Health Services Administration certificate program are eligible for admission to the MHSA program if they meet all admission criteria for the master's program. For entry into the master's program, applicants must have met all of the admission criteria for the certificate program, hold a combined cumulative GPA of 3.00 or better from all previous educational institutions, and submit three letters of recommendation (one from a supervisor). Applicants who meet the requirements will be interviewed by the Chair of the Health Services Administration Department for final determination of eligibility. All degree requirements must be completed within seven years.
