

The safety of *Amsorb Plus®* at *Sodasorb®/Medisorb®* Pricing.
Canister life equivalent to standard CO₂ absorbent!

The newest patented CO₂ absorbent on the market!

Safety Data*

*Studies performed by Thomas E. Dahms, Dept. Anesthesiology and Critical Care Medicine, Saint Louis University, St. Louis, Missouri USA

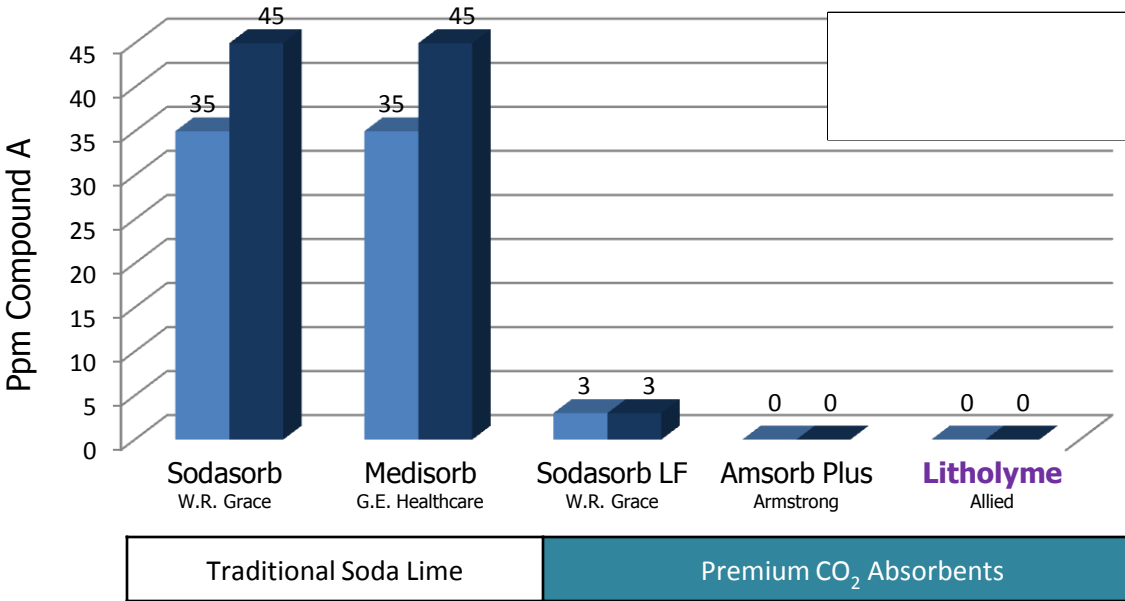

Carbon Monoxide Generation

- Litholyme does not produce carbon monoxide under any circumstances

Brand Name	Sodasorb	Medisorb	Sodasorb LF	Amsorb Plus	Litholyme
Manufacturer	W.R. Grace	G.E. Healthcare	W.R. Grace	Armstrong	Allied
Normal Hydration	1 ppm	1 ppm	0 ppm	0 ppm	0 ppm
Full Desiccation	>1000 ppm	>1000 ppm	0 ppm	0 ppm	0 ppm
Traditional Soda Lime			Premium CO ₂ Absorbents		

Compound A Generation

- Litholyme does not produce compound A under any circumstances

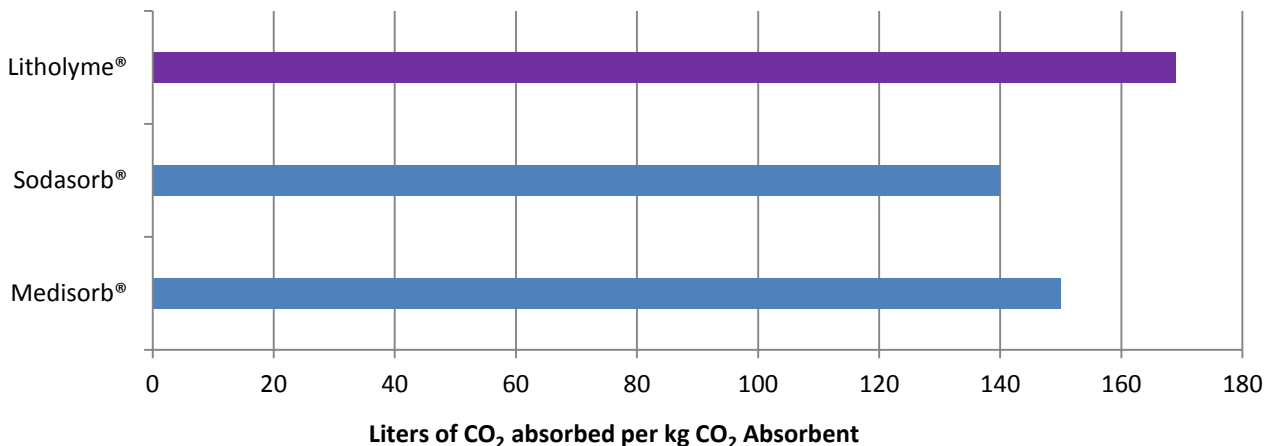

Performance Data*

CO₂ Absorption Capacity

- CO₂ absorption capacity is comparable to traditional absorbents

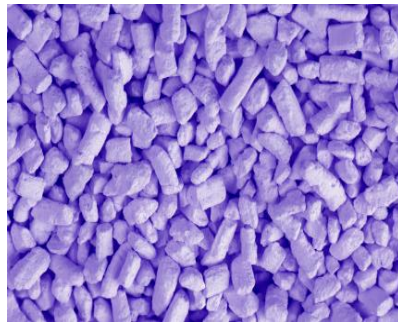

*Source: Published data by respective manufacturers

Permanent Color Indicator

- Litholyme undergoes a permanent and profound color change

Fresh Litholyme

Exhausted Litholyme
